

Organization Profile

Social Revival Group of Urban Rural and Tribal (SROUT)

Registered under Society Registration act – 1973

Date Of Registration – 29/04/1999

Registration Number – 2492

Background and experience of the organization

The Social Revival Group of Urban Rural and Tribal (SROUT)

At SROUT, we are more than just an organization—we are a beacon of hope, dedicated to transforming lives and communities across Chhattisgarh, India. Driven by a passion for progress and a commitment to change, we stand at the forefront of promoting livelihoods, education, and health for the most vulnerable populations in both rural and urban areas.

Our Journey

Established in 1999 in the Korba district, SROUT emerged when CARE India entrusted us with the responsibility of implementing its Integrated Nutrition and Health Program. As we shared a vision for a brighter future for Korba, it became clear that a local champion was needed to make this vision a reality. Thus, SROUT was born, with an unwavering dedication to uplifting our community and catalyzing sustainable development.

Our Guiding Philosophy

Our name, the "Social Revival Group of Urban Rural and Tribal (SROUT)", reflects our deep commitment to unity, development, and empowerment across diverse communities.

- **Inclusivity:** We stand united with communities, embracing diversity and working beyond the barriers of residence, caste, or background.
 - **Commitment to Action:** Inspired by our Sanskrit motto, "Things are achieved by doing, not merely by desiring", we believe in transforming aspirations into meaningful actions.
 - **Community Empowerment:** Sustainable change comes from the grassroots. We empower communities by equipping them with knowledge, skills, and opportunities to drive their own development.
-

Organization Belief

We believe in humanity, love, care, and support. Guided by the principles of social justice, we believe that with collective effort and compassion, we can develop the world positively and sustainably.

Our Cornerstone Partnership

Our journey has been profoundly shaped by CARE India, the world's largest international NGO. Their guidance and mentorship provided a strong foundation, enabling us to build impactful collaborations with the Integrated Child Development Services (ICDS). Over the years, we have partnered with esteemed national and international organizations, including the Women and Child Development Department, CARE India, and Vedanta BALCO CSR. Together, we continue to drive transformative change in healthcare, nutrition, education, and livelihood opportunities across urban and rural communities.

Our Diverse Focus Areas

- **Health and Nutrition:** Enhancing health and nutrition services for women and children is the cornerstone of our mission.
- **Child Rights and Protection:** Advocating for children's rights and ensuring they grow up in safe, nurturing environments.
- **Livelihood:** Empowering marginalized individuals to build sustainable livelihoods and improve their economic well-being.
- **Soil and Water Conservation:** Leading initiatives in environmental conservation to preserve natural resources for future generations.
- **Women Empowerment and Protection:** Supporting and empowering women through targeted initiatives that foster independence and leadership.
- **Education:** Committed to providing access to quality education, laying the foundation for a brighter future for all.

Through extensive training and skill development programs, we continue to uplift and educate people of all ages and backgrounds. At SROUT, we invite you to join us on this remarkable journey—where hope is rekindled, change is ignited, and opportunities blossom. Together, we can create lasting change, one life at a time.

Remarkable IMPACT

1. **Decades of Impact:** Over two decades of dedicated work in sustainable development, transforming the lives of more than 100,000 individuals.
2. **Agricultural Transformation:** Spearheaded the formation of a Farmers' Producers Organization in the Korba Block, uniting more than 2,000 farmers for collective success.
1. **Celebrating 25 Years of Development:** Marking a successful 25-year journey of driving transformative development and creating enduring impact.
2. **The Mitadin (ASHA) initiative,** launched in May 2002 in Chhattisgarh, proved to be a remarkable success. Its effectiveness led the Government of India to adopt and scale the program nationwide as the ASHA (Accredited Social Health Activist) program under national health mission (NHM). The initial piloting of the Mitadin (ASHA) program was conducted in Korba district by the Social Revival Group of Urban, Rural, and Tribal organisation.

3. Pioneers in HIV/AIDS Awareness

Among the first to initiate HIV/AIDS awareness programs in Chhattisgarh, significantly contributing to public health education and stigma reduction.

4. Training and Capacity Building

Successfully trained and built the capacity of over 6,344 Anganwadi Workers through the Anganwadi Workers Training Center Program covering 7 District, enhancing early childhood care and development services.

5. Promotion of Self-Help Groups

Formed and nurtured 1,045 Self-Help Groups (SHGs), empowering communities through collective action, financial literacy, and micro-enterprise development.

6. Women's Skill Development

Provided livelihood-based skill development training to 954 women, enabling them to pursue sustainable income-generating activities and fostering economic independence.

7. Women Empowerment and Protection

Through the Shakti Sadan initiative, 205 women in distress were successfully rehabilitated and restored to their homes, ensuring dignity and safety.

8. Child Protection and Child Rights

Handled over 8,205 cases via the emergency helpline between 2013 and 2025, ensuring timely intervention and support. Additionally, more than 150 children received care and protection through dedicated Children's Homes.

9. Soil and Water Conservation

Implemented effective conservation measures under the Watershed Development Program, including the construction of trenches that enabled the conservation of approximately 2,013,930 cubic liters of water.

10. Women Enterprise Development

Supported the development of over 100 women-led nano enterprises, fostering economic independence and sustainable livelihoods for women.

11. Farmer Producer Organisation (FPO)

As an outcome of the Watershed Development Program, a Farmer Producer Organisation (FPO) was formed, comprising 585 members and more than 2000 farmers beneficiaries. This FPO operates on a self-sustainable model, demonstrating remarkable effectiveness. Recognizing its success, NABARD has partnered with the FPO and provided funding support for the implementation of the *Rural Haat Project*.

Our Vision

Our vision is to create a society where every individual lives with dignity, thrives in prosperity, and embraces life with true happiness

Our Mission

Empowering marginalized communities through inclusive growth, access to information, and sustainable development. We bridge gaps and amplify voices for lasting change

Our Identity and Core Values

At SROUT, we are committed to fostering sustainable development, inclusivity, and empowerment across urban, rural, and tribal communities. Our work is rooted in principles that reflect integrity, respect, and a responsibility towards creating a just and equitable society.

Core Values

The following core values guide our actions and define who we are:

Value	Description
Respect	We uphold the fundamental human rights of every individual, recognizing that all people are born free and equal in dignity. We are sensitive to the moral values, religions, customs, and cultures of the communities we serve, respecting their right to freedom of thought, conscience, and belief.
Responsibility	We take ownership of our mission and are committed to delivering impactful solutions. By proactively mobilizing resources, we ensure excellence in execution and accountability in achieving our goals.
Accountability	We are answerable for our actions and decisions to the communities we serve, funding agencies, government bodies, staff, volunteers, and partner organizations. We continuously evaluate our performance to uphold trust and transparency.
Transparency	Our operations, financial information, governance structures, and partnerships are open to public scrutiny. Except for personal and proprietary information, we are committed to keeping the public informed about our work and how resources are utilized.

Our Values

Our values define how we engage with communities, partners, and stakeholders, ensuring that our approach remains ethical, inclusive, and effective:

- **Social Justice and Equity:** Promoting fairness, equal opportunities, and rights for all, especially marginalized groups.
 - **Integrity and Ethics:** Acting with honesty, fairness, and strong moral principles in all aspects of our work.
 - **Inclusiveness:** Embracing diversity and ensuring participation without discrimination based on caste, gender, religion, or socio-economic status.
 - **Respect and Trust:** Building relationships grounded in mutual respect, understanding, and trust.
 - **Innovation and Learning:** Encouraging creative solutions and fostering a culture of continuous learning and improvement.
 - **Professionalism, Teamwork, and Excellence:** Committing to high standards of performance through collaboration, dedication, and professionalism.
 - **Quality and Safety:** Ensuring the highest standards of safety, quality, and effectiveness in all our programs and services.
-

Our principles

Our principles serve as the foundation for every decision and action we take:

- **Accountability:** Taking ownership of outcomes and being responsible to all stakeholders.
 - **Transparency:** Maintaining clarity and openness in all processes, communications, and decision-making.
 - **Viability:** Designing sustainable and practical solutions that ensure long-term impact and growth.
 - **Adherence to Accounting Standards:** Following recognized financial practices, regulations, and audits to maintain credibility and trust.
 - **Consistency:** Ensuring uniformity, reliability, and quality across all our initiatives and operations.
-
